How does the core system help students stay in school?

Core System: Staying in School

1. **Family-like Environment**
   -reduce social anxiety
   -makes up for lack of support elsewhere (family/home)
   -more trust, more learning
   -less bullying
   -more comfortable
   -sanctuary
   -people care
   -encourages open mindedness

2. **Integration**
   -no overwhelming workload
   -retaining what you learn
   -interactive learning

3. **Student/Teacher Relationships**
   -one on one attention
   -make bonds w/teachers, learn how to deal with them
   -supportive (2 years with them)

4. **Focus area, keeps students interested**
   -creating interest in career
   -different learning experiences
   -future career interest
   -meet people w/same interests
   -helps figure out what you do and don't want to do
   -meeting professionals, job shadowing, field trips, speakers, etc
   -students less isolated
